Bonfiglioli worm gearboxes

VF-series worm gearbox with IEC motor flange (P-version) from manufacturer Bonfiglioli Riduttori are available in 3 foot versions (mounting version A, N, V), shaft mounted version (mounting version P) and side flange (mounting versions F, FA, FC, FR dependent of size).

Manufacturer code	VF27 F1 7 P27/B5 B3
Manufacturer	Bonfiglioli Riduttori
Serie code reductor	VF - Worm gearbox
IEC flange type	B5
IEC flange size	27
Type code gearbox	VF027
Gearbox version	F1 - Side flange left
Type of gearbox input	P - IEC flange
Mounting position gearbox	B3
Output shaft diameter	9 mm
Input power	0.09 kW
Output torque gearbox	4 Nm
Safety factor	2.6
Input speed gearbox	1400 min-1
Ratio	7
Output speed gearbox	200 min-1
Moment of inertia gearbox	0.000002 kgm ²
Dynamic efficiency	83 %
Static efficiency	67 %
Dynamic reversible	Yes
Static reversible	Yes
Weight gearbox	0.73 kg
