Bonfiglioli worm gearboxes

VF-series worm gearbox with IEC motor flange (P-version) from manufacturer Bonfiglioli Riduttori are available in 3 foot versions (mounting version A, N, V), shaft mounted version (mounting version P) and side flange (mounting versions F, FA, FC, FR dependent of size).

Manufacturer code	VF27 F2 10 P27/B5 B3
Manufacturer	Bonfiglioli Riduttori
Serie code reductor	VF - Worm gearbox
IEC flange type	B5
IEC flange size	27
Type code gearbox	VF027
Gearbox version	F2 - Side flange right
Type of gearbox input	P - IEC flange
Mounting position gearbox	B3
Output shaft diameter	9 mm
Input power	0.09 kW
Output torque gearbox	5 Nm
Safety factor	1.8
Input speed gearbox	1400 min-1
Ratio	10
Output speed gearbox	140 min-1
Moment of inertia gearbox	0.000001 kgm ²
Dynamic efficiency	80 %
Static efficiency	62 %
Dynamic reversible	Yes
Static reversible	Yes
Weight gearbox	0.73 kg
